Glimpses of the Day!

Dedicated
volunteers in
action!

Grasshopper chewing on a gum leaf!

Juvenile butcher bird (!)?

I was really lucky to get this shot - Damselfly preying on a Moth!

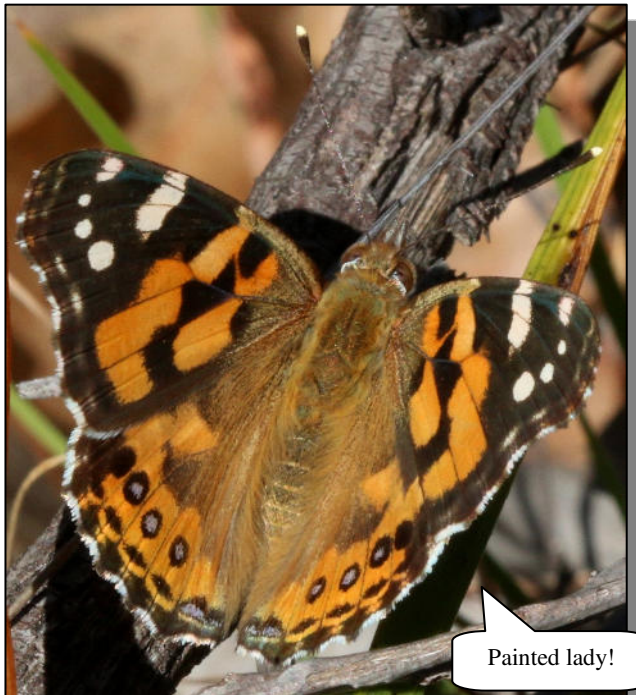

Native - Blue-banded bee!
(*Amegilla* species)

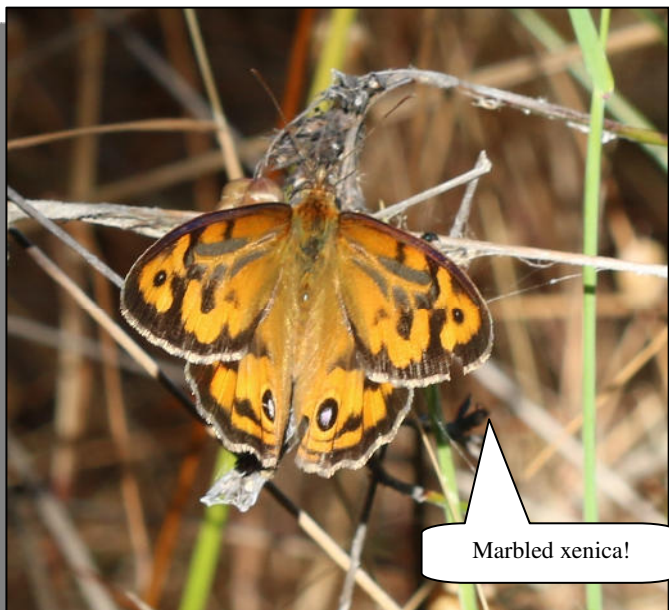

Grasshopper nymph
(Needs species identification)

Meadow argus!

Painted lady!

Marbled xenica!

Silver snout moth!
(Needs species identification)

Last remnant pool of water for this year!

Christmas (spiders) is around the corner!

Early Autumn of 2009 vs. Late Spring 2014

Late Winter of 2011 vs Late Spring of 2014

Hakea that got burnt in Early Autumn of 2009 is gone, But the mattress springs still remain in Late Spring of 2014
