

Conservation Volunteers Day: August 11th 2015

A total of 13 conservation volunteers from Chevron Australia (IT section) enthusiastically participated in the rubbish clean-up at the reserve. Also in attendance were Brian Inglis and two of his staff from DPAW. Frank, Noel, and Trevor from the Friends Group participated as well. The conservation volunteers did a fantastic job in cleaning out the drain and also retrieving rubbish along Wannaping Road. Brian estimated that upto 1.5 tonne of rubbish might have been picked up by the volunteers.

Glimpses of the Day (All photographs by Trevor Drummond)!
