Getting Ready!

Greg: threatened ecological communities are significant!

Bronwen: the reserve is home to more than 300 species of native plants!

Cockies need more Marri habitat like this!

Seasonal Claypan wetland support diverse and endemic flora!

Nope - our wedding rings are not lost, we are looking for wildflowers!

Flora walks are always fun for all ages!

A token of gratitude, much appreciated - Bronwen and Greg!

Informative Display board!

Enjoying the morning tea!

Beautiful quartet!

Familiar lovely smiles!
