

July 16<sup>th</sup> 2016: 9:00 – 10:00 am

It was rather a short day for us due to intermittent rain. In attendance were: Ed, Helen, Kade, Noel, Regina, Subas, Sue, and Trevor along with two newcomers: Ashlea Knight and Shakira Lewis. We more or less picked up rubbish, documented four orchid species, and found a temporary shelter in the middle of the bush. Regina & Trevor kindly hosted us at their place for a lovely morning tea.

### Glimpses of the Day!

I was there bright and early (literally at 7:20 am)!
